## Accessories for CPAP-Therapy

### AEROtube® - CPAP Mask Stand

CPAP Mask Stand for an easy storage of the CPAP mask after a night of sleep therapy or after cleaning.

#### Advantages

- Compatible with nearly all of the CPAP masks, nose masks, full-face masks
- Easy to assemble, compact & balanced design
- Stable base for stabilisation of the stand and for catching any excess water droplets
- Ideal for drying the mask after cleaning
- Adjustable clips for adaptation to different mask models

### AEROtube® - Nose Pads

Gel pads for CPAP-Masks.

#### Advantages

- Alleviates pressure, reduces air leakage between nose and mask
- Protection from skin irritation
- Latex free, hypoallergenic and washable
- Usage period up to 30 days

Size  
Petite/Small

Size  
Medium/Large

## AEROTube® - CPAP Tube Cleaning System

CPAP Tube Cleaning System for an easy cleansing and storage of CPAP tubes with 22 mm cuff ends.

### Advantages

- Attachment via suction cup or hook
- The hose plugs enable soaking and rinsing the hose without additional containers
- Practical suspension device for the hose allows easy drying

## AEROTube® - Hose Wrap

Hose wrap for CPAP tubes, reduces formation of condensation and ensures an easy and unimpeded sliding across the edges of the bed and bedding.

### Advantages

- Reduces condensation
- High quality nylon material
- Hand wash
- 173 cm length: Compatible with 180 cm CPAP tubings
